#### Top Independent Albums Chart Key

Top Independent Albums are current titles that are sold via independent distribution, including those that are fulfilled via major branch distributors. Sales data compiled by Nielsen SoundScan.

- Entries with **gold backgrounds** and *italicized numbers* for current position are albums with the greatest sales gains this week.
- Recording Industry Assn. of America (RIAA) certification for net shipment of 500,000 units (Gold).
- ▲ RIAA certification for net shipment of 1 million units (Platinum), with additional million indicated by a number following the symbol.
- ◆ RIAA certification for net shipment of 10 million units (Diamond).

#### RIAA Latin awards:

- Certification for new shipment of 100,000 units (Oro).
- △ RIAA Latin certification of 200,000 units (Platino). Certification of 400,000 units (Multi-Platino).

Most tape prices, and CD prices of BMG and WEA labels, are suggested lists. Tape prices marked EQ, and all other CD prices, are equivalent prices, which are projected from wholesale prices. \* Asterisk indicates LP is available.

Numeral following Platinum or Diamond symbol indicates album's multi-million level. For boxed sets, and double albums with a running time that exceeds 100 minutes or more, the RIAA multiplies shipments by the number of discs and/or tapes.

Pacesetter indicates biggest percentage growth. Heatseeker Impact shows albums removed from Heatseekers this week.
