Top Internet Album Sales Chart Key

Top Internet Album Sales reflects physical albums ordered through Internet merchants, based on data compiled by Nielsen SoundScan. Unlike most Billboard album charts, catalog titles are included on the Internet Album Sales chart.

All albums available on cassette and CD.

- Recording Industry Assn. of America (RIAA) certification for net shipment of 500,000 units (Gold).
- ▲RIAA certification for net shipment of 1 million units (Platinum), with additional million indicated by a number following the symbol.
- ◆RIAA certification for net shipment of 10 million units (Diamond).

Most tape prices, and CD prices of BMG and WEA labels, are suggested lists. Tape prices marked EQ, and all other CD prices, are equivalent prices, which are projected from wholesale prices.

* Asterisk indicates LP is available.

Numeral following Platinum or Diamond symbol indicates album's multi-million level. For boxed sets, and double albums with a running time that exceeds 100 minutes or more, the RIAA multiplies shipments by the number of discs and/or tapes.
